Pioneer Center East was contacted on December 2, 2016. Due to the medications Ms. Walker is prescribed, they are unable to accept her into the facility unless she was willing to wean off of the medications and successfully stop taking them before being admitted to their facility. Pioneer Center East also informed the undersigned officer they did not believe any treatment facility would accept Ms. Walker if she is taking these prescribed medications (klonopin, oxycodone, oxycontin, and methadone). Ms. Walker was contacted by the undersigned officer on December 2, 2016, and informed of the above-listed information. Ms. Walker stated she would be willing to get off of some of her medications, but not all of them, due to her medical issues and pain levels.

Sundown M Ranch was contacted on December 2, 2016, to ascertain if they would accept Ms. Walker into their facility for inpatient treatment with her prescribed medications. Admissions staff informed the undersigned officer that on a case-by-case basis they can review which medications a patient is taking and make a decision to accept them or not. The undersigned officer was advised by Sundown M Ranch admissions staff to have Ms. Walker contact them to determine if they could accept her into their facility. Ms. Walker was contacted again on December 2, 2016, and advised of this information.

Ms. Walker contacted the undersigned officer on December 5, 2016. She stated she had talked to Sundown M Ranch admission staff and was told due to her not wanting to get off of all her medications, they could not admit her to their facility. Ms. Walker was referred to another treatment facility, Cascade Behavioral. Ms. Walker reported she contacted Cascade Behavioral and was given the same information, that if she was not off of all of her medication she would not be able to attend inpatient treatment services at their facility.

2 **Special Condition # 24:** The defendant shall abstain from the use of illegal controlled substances, and shall submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.

Supporting Evidence: Sandra Walker is considered in violation of her conditions of supervised release by failing to obtain urinalysis testing as directed on October 27, 2016, and November 18, 2016.

Serenity Point Counseling Services confirmed with the undersigned officer on December 6, 2016, that Ms. Walker has missed random UA tests from their facility on the above-listed dates.

The U.S. Probation Office respectfully recommends the Court issue a summons requiring the defendant to appear to answer to the allegations contained in this petition.

I declare under penalty of perjury that the foregoing is true and correct.
